McGraw Does Not Take Former Third Sacker's Charges Seriously.

SHOULD BE PROUD OF TITLE

Pugilism in America will not attain that perfect state for which we aim until those who earn their living with their fists are made to realize the true meaning of a champion-When a boxer wins a title he wins an honor that seems far beyond the comprehension of the average fighting

If, for instance, the middle weight Wilson realized the full meaning of the title he took from O'Dowd, we doubt whether he would make it a mockery by steadfastly refusing to meet any man who might strip him of his ill-won laurels. We doubt, moreover, whether Kilbane would follow his present policy of inactivity while challengers crowd in upon him.

Until boxing is regulated by national control and every champion is compelled to defend his title at least once every six months, we shall have to tolerate such tawdry exhibitions of sportsmanship as Wilson and Kilbane are giving today.

SAN ANTONIO, Tex., March 5 John J. McGraw, manager of the Giants, does not take seriously the

charges made by Heinie Zimmer-man in New York.

"I have known for a long time to have confessed it."

McGraw would not discuss Zimmeran's case further. He is said to feel that the former third baseman's statement shows that the Giants were justified when they turned him loose last year, in fact, confirms much of last year, in fact, confirms much of legan boxing when he was about fif-

MOST BOXERS START YOUNG AND FINISH JUST AS YOUNG

It is not the number of years that have actually passed over a man's head, it is the number of years he has been fighting that determines a man's fistic age.

Trio Named In Scandal

Benny Kauff, Rube Benton, and Fred Toney, of the New York Giants, have been named in an affidavit filed in New York by "Heinie" Zimmerman, former third baseman of the Giants. Zimmerman had refused, obstinately, to discuss his dismissal from baseball two years ago, and his sworn statement has created quite a stir. In his statement he declares that during the last Western trip of the Giants in 1919 he carried a bribe message to the three players named. They, according to his statement, were to receive \$100 each if the Giants lost a certain game. Zimmerman admits in his statement his own guilt in that he carried the message, but declares that he was made the "goat" to save others on the New York team.
